## Premium-Line Power Strip 8-way (Extension Lead with switch and 3m cable - 45° angle of the protective contact sockets, mountable, Made in Germany)

- 8-gang Power Strip with earthing contact, 3m cable length H05VV-F 3G1.5 and increased contact protection
- The protective contact sockets are arranged at 45° so that they are also suitable for angled plugs
- With illuminated safety switch for switching on and off (two-pol)
- Extension Lead with hanging device for wall mounting and practical cable holder
- Sturdy, plain Power Strip made of highly break-resistant special plastic

### Description

The Premium-Line 8 gang Power Strip in the colour black and 3m cable impresses with its quality and safety in all areas. Its shapely and stable housing is made of highly break-resistant special plastic. Thanks to the suspension device and the possibility of wall mounting, the multiple socket outlet can be attached in many ways. It not only has increased protection against accidental contact, but also has the following impressive features:

- Socket outlets with earthing contact in 45° arrangement, also for angled plugs
- Safety switch illuminated, two-pole on/off switchable
- Practical cable holder

## Technical data

- **Cable designation:** H05VV-F 3G1,5
- **Cable length:** 3 m
- **Cable quality:** PVC
- **Height:** 50 cm
- **Length:** 6,70 cm
- **Weight:** 0,84 kg
- **Width:** 9 cm
- **Colour:** black
- **Usage:** Household
- **Type of fastening:** Fastening with cable tie, Fastening with screw
- **Protection:** Not applicable
- **Nominal input voltage:** 230 V
- **Type of plug:** Angle plug
- **Number of socket outlets total:** 8
- **Socket outlet arrangement:** 45°
- **USB type output socket:** Not applicable
- **Degree of protection (IP):** IP20
